Project 1: <i>Intern for Community Volunteer Coordinator</i>	
<p>Project Description: Community Building Works! Inc. builds green affordable housing locally and internationally, using volunteers. For every super-insulated solar-powered home we build in Tompkins County and sell to an income-eligible family, we build one in an emerging nation, such as Mexico, Guatemala, Ecuador, or Jamaica. Not only are our houses sustainable, our relationships with the rest of the world are improved. Not only that, but we do all of this without any tax-payer or faith-based support—we earn all our own capital and operating funding. Toward this end, we always need more volunteers, and our volunteer coordinator is part-time and is also our accountant, webmaster, paymaster, and outreach coordinator. (So she's a little overwhelmed. We desperately need someone who can step in and ramp up our volunteer numbers, doing the kinds of things we know we should be doing but don't have the time to do: placing PSA's in local print and broadcast media, improving our presence in electronic media, contacting fraternities, sororities, other campus-based service organizations, and local businesses to set up special work groups. We have tons of work for volunteers—we are currently recycling a dairy barn in Lansing and will break ground on another house in October, with more houses in the pipeline. Can you help us?</p>
