| 3:00 | Land Use Analysis and Impact Assessment Project
Art Pearce has taken the lead on finding funding for a county-wide study based on the Middlefield land use study. Please take a look especially at the conclusions and recommendations on page 71 http://www.otsego2000.org/documents/forwebsiteMiddlefieldLandUseAnalysis-Greenplan.pdf . We'll discuss how why this project is important and how to move it ahead. | Art Pearce |
| 3:15 | Responding to the sGEIS – divide and conquer
We have 1000+ pages of the sGEIS to review in a short time with few people. Let's devise a strategy to work together to review and provide comments for this behemoth in the most efficient and effective way.
See the document (it would be helpful to at least read the summary and look at the table of contents):
