44 improves the quality of life in Tompkins County by fostering the growth of business and employment, a
45 flourishing economy, with exciting innovative firms, that inspire and attract a talented workforce.” Focuses

64

65 **Ice Climbing Project Presentation** – Todd Miner opened his presentation by providing background on his
66 efforts in obtaining permits for ice climbing in Tompkins County, noting the feasibility study made possible
67 by funding from the Tompkins County Tourism Heritage fund, and went on to report on the meetings with
68 State Parks and the City of Ithaca and advisory group that has formed that has conducted research on ice
69 climbing in Salmon Falls, Catskills, Colorado and Minnesota. The goal of this initiative is to provide
70 recreational activities to locals and to open the market to the hundreds of thousands of already active
71 climbers. A meeting in Albany with Mayor Svante, Deputy Commissioner, and Chief Legal advisor of State
72 Parks proved to be successful in receiving tentative state approval for small pilot planned for winter of 2016.
73 Fred Bonn, Regional Director of State Parks in the Finger Lakes, went on to report that risk will be the most
74 significant issue and that they are currently creating rescue plans for specific sites. A third party is being
75 identified to handle permitting for ice-climbing at Six Mile Creek, and both Robert Treman, and Buttermilk
76 Falls State Parks. Ithaca Falls was noted as being a more long-term site.
77

78 Members asked about roles. State Parks would act as landlord while a third party would permit ice climbing
79 at selected locations. For more information or collaboration contact: todd.miner@ucdenver.edu
80

81 **Chair's Report** – Sue Perlgut took the afternoon FAM tour which was part of the two-day Hospitality STAR
82 training being held this week. She went on to report that \$900.00 is set aside in 2015 for board education
83 and she will be circulating a list of possible conferences and or webinars that some members may be able
84 to take part in. Josh Friedman discussed the possibility of creating a display or kiosk that would let the
85 public know of upcoming events sponsored by the Tompkins County Tourism Program. Future discussions
86 on a communication strategy and branding for the County Tourism Program will take place with a
87 committee in September.
88

89 **Staff Report** – Tom Knipe announced that he has recruited Ed McMahon of the Urban Land Institute to
90 give a talk in Ithaca on Thursday September third on sustainable tourism development. Cornell will provide
91 his speakers fee and STPB members are highly encouraged to attend. Tom went on to note his meeting
92 with Jonathan Tourtellot, a fellow with National Geographic Traveler who coined the term geo-tourism; more
93 in depth conversations will take place at an upcoming meeting. Tom went on to report on his meeting
94 tonight with the City of Ithaca Administration Committee where he will be asking for their commitment of
95 City support for the Cayuga Lake Blueway Trail plan. Tom went on to inform members that projects that put

96 in white papers for the Upstate Revitalization Initiative will need to also apply through the CFA. A link will be
97 forwarded to board members with all of the funding opportunities available.

98
99 **Committee Check-Ins:**

100
101 **Wayfinding** - Jennifer Tavares reported on the meetings related to the Wayfinding Strategy. She went on
102 to note the possible state level sources with a number of different requirements and the plans for significant
103 funding requests from major stakeholders. Responsibility for signs was discussed as many of the signs will
104 direct to Cornell University, TC3, and Ithaca College. Local leverage will play a major part in the funding
105 requests made to New York State. Concerns of not having a solid commitment from the Tompkins County
106 Implementation funds were noted. Tom Knipe further discussed the timing issue with using the Strategic
107 Tourism Implementation funds.

108
109 **Visitor Profile Study Update** – Bruce Stoff reported on the Research Committee meeting about the
110 Chmura study discussion. He noted that after processing the 19 pages of comments against the survey
111 questions from the previous RFP, it was decided that they can go straight to the existing Request for
112 Proposal that was included in the agenda packet. Members were asked to read the RFP and provide
113 feedback. The intent at this time is to partner with Discovery Trail and Stewart Park on the study...there are
114 some cost sharing benefits and efficiencies to these partnerships.

115
116 **2016 Room Tax Budget Recommendations** – Tom Knipe reported that the assumptions for revenue will
117 remain at 4% for 2015 and 6% for 2016. After budget adjustments, the reserve balance at the end of 2015
118 will be about \$97,000 and \$66,000 by the end of 2016. A special thank-you went out to the Budget
119 Committee for their work. Tom walked through the detailed budget recommendations provided in the
120 agenda packet. The STPB will vote on the budget at the July meeting after a possible presentation to the
121 Economic Development Committee.

122
123 **Visitithaca.com Pre-Beta Presentation** – Kristy Mitchell presented board members with a snapshot of the
124 newly structured visitithaca.com website. The new site is adaptable with standard and visual navigation that
125 can be independently programmed and can covert to stacked icons for use on cellphones. The new site will
126 also feature a portal to lodging, visitor events and aims to invite local partnerships as well as sales
127 opportunities related to advertisement space. The website is expected to be ready for STPB members to
128 beta test soon.

129
130 **Announcements** – Josh Friedman shared the new Come for the Gorges Stay for the Show marketing
131 campaign which was funded with room tax. Rita Rosenberg announced that tickets are available online for
132 the Savor the Finger Lakes Festival on September 3rd. The Gorges marathon was announced as having
133 attendees from 18 states as well as Canada. The re-opening of the Cayuga Waterfront Trail will be August
134 30th.

135
136 With no further business, the meeting adjourned at 5:02pm.

RE: **2016 Tourism Program Budget Recommendations**

Action Requested

The purpose of this memo is to describe the recommended 2016 Tompkins County Tourism Program budget. The STPB is asked to vote to recommend the 2016 tourism budget at the July 15th STPB meeting. The Economic Development Committee of the Legislature will vote on the STPB's recommendations at their August 3rd meeting. The County Administrator will then work the tourism budget into the overall 2016 County budget for action by the Legislature this fall.

Link: 2016 tourism budget requests are available through the following page on the County website:
<http://www.tompkinscountyny.gov/tourism/budget/2016requests>

Background – Revenues

Between April and June, the STPB Budget Committee developed preliminary projections of 2015 and 2016 room tax revenues and associated changes in room tax reserves, with input from tourism program administrators and lodging industry experts. 2015 members of the STPB Budget Committee are Christy Agnese (Chair), Stephen Nunley, Sue Perlgut, Sue Stafford, and John Gutenberger. We are modifying the projection of 5% growth for 2015 to 4% and establishing a projection of 6% growth for 2016, using actual 2014 revenues as a base.

2015 and 2016 room tax revenue projections are based on analysis of several sources including actual Tompkins County room tax revenues, local hotel industry data from Smith Travel Research, projected increases in local room supply due to hotel construction, other local conditions, and national industry forecasts by a prominent hotel industry research firm (PKF). Notably, 2016 projections are based on an assumption of increased hotel room supply beginning August 1, 2016 due to the opening of the new Marriott Hotel at the East end of the Ithaca Commons. Detailed calculations of the unallocated reserve balance and revenue projections are available upon request.

Room tax revenues through June are tracking at just under the budgeted projection of 5%. Therefore, sticking with the adjustment for 2015 down to 4% seems prudent. If revenues exceed 4% in 2015, the projected year-end reserve balance would grow a little.

Background - Reserves

The current unallocated reserve balance is just over \$131,000 (from County Finance). This is after meeting the County's 2015 obligation of \$60,000 to TCAD from room tax. Given a reduction in the 2015 room tax revenue projection and 2015 budget adjustments to reallocate unspent 2014 funds in the ACOD and Tourism Capital Grant Programs, the unallocated reserve balance is expected to be at \$97,000 by the end of 2015. The recommended 2016 budget places room tax spending at about \$26,000 more than revenues which will have the effect of reducing reserves to about \$71,000 in 2016, which is 2.8% of revenues. A guiding principal of the STPB Budget Committee has been to maintain a small room tax reserve balance of around 3% to limit the potential for disruption to tourism programs should revenues come in at less than projected.

Budget Request Process

The Tompkins County Tourism Program solicited budget requests from tourism programs and heard presentations from each program at a May 27th meeting at Ithaca College. Program administrators and committee chairs were asked to limit their 2016 requests to a 3% increase from their adopted 2015 room tax allocations. All programs with the exception of Community Celebrations responded to the budget target guidance, and each budget request included:

- Standard budget request form and budget worksheet template.
- Information on how the requested budget will support implementation of the 2020 Strategic Tourism Plan.
- Clear program goals and measures of achievement.

Following budget presentations, the STPB Budget Committee explored several possible budget schemes, weighed opportunities presented by each program and developed preliminary 2016 budget recommendations.

Summary – Preliminary 2016 Tourism Budget Recommendations

- The following programs are funded at requested levels of around or slightly less than 3%: Beautification, Signage and Public Art; Tompkins Festivals Program, Hospitality Workforce Development, Discovery Trail, and Market the Arts.
- The CVB is recommended to be funded at the requested amount minus a small sum of just over \$1,000 which is the amount of an adjustment based on a minor calculation error.
- Several lines are increased slightly above the requested amounts in order to fill needs in those programs: Arts and Culture Organizational Development, Tourism Capital Grants, CAP Operating Assistance, Community Celebrations Grants, Tourism Project Grants, Tourism Marketing and Advertising Grants, and New Tourism Initiative Grants.
- The County Historian stipend and Tourism Partner Award lines are maintained flat, as requested.
- \$165,000 is set aside for Strategic Tourism Implementation (see summary on the next page).
- \$900 in funding for STPB board development (travel, training, etc) is made available again in 2016. These funds will go through the tourism administration budget within the Planning Department.
- Strategic Planning and Staffing – While the 2016 budget maintains the same level of staffing and adds \$1,875 in matching funds for an intern stipend, this line is down 0.5%. This is due to two factors: 1) the fact that for budgeting purposes salaries are held flat for 2015 and 2016 and, 2) slight adjustments in the portion of the function paid for out of the “County 10%” vs. program funds. This line may increase by up to \$2,000 once a new white collar contract is agreed upon. A 75/25 split between program funds and “County 10%” funds to support tourism administration services by the Tompkins County Planning Department is maintained.

- TCAD – The room tax contribution in 2016 is \$125,000 and is shown in the "County" section of the attached room tax budget. It will rise to \$200,000 in 2017 and \$205,000 in 2018.

Strategic Tourism Implementation funds

A special budget line is recommended to be funded again in 2016 for Strategic Tourism Implementation. The guiding concept is to set aside a flexible portion of room tax funds to take advantage of timely and meaningful opportunities to implement the 2020 Strategic Tourism Plan. Three projects were funded in 2013 through this line: the IthacaFork.com Farm to Fork Culinary Tourism Initiative, electronic kiosks for the new Ithaca Commons, and the Tompkins County Wayfinding and Interpretive Signage Plan. \$150,000 is budgeted in 2015 for Strategic Tourism Implementation, which will be made available in fall 2015 for projects that directly implement *Critical Actions* from the 2020 Strategic Tourism Plan or projects coming directly out of related implementation plans (Wayfinding Signage, Agriculinary Tourism, Heritage Tourism). In addition, a portion of these funds will be used to complete a Visitor Profile Study in 2016. Combining funds from 2015 and 2016, a total of \$315,000 will be available in the next year and a half for Strategic Tourism Implementation, with approximately \$60,000 of this total needed for the Visitor Profile Study.

STRATEGIC TOURISM PLANNING BOARD
Wednesday, July 15, 2015

STPB Resolution No. 1 of 2015: Support for Consolidated Funding Application (CFA) and Commitment to Recommend use of Local Hotel Room Occupancy Tax Funds as County Share of Local Matching Funds for the Tompkins County Wayfinding and Interpretive Signage Project

WHEREAS, in 2013, the Tompkins County Chamber of Commerce received a \$62,970 Strategic Tourism Implementation grant from the Tompkins County Tourism Program, upon recommendation of the STPB, to develop a plan to create a more comprehensive and coherent signage system throughout Tompkins County, and

WHEREAS, the program includes a comprehensive gateway and municipal signage program; standard NYS DOT signage; signage “districts” designated to help visitors, parents, and our transient residential population navigate through Ithaca and Tompkins County; and vehicular directional signage to parks, trails, Cornell University, Ithaca College, and other important visitor destinations, and

WHEREAS, the proposed plan will serve as a key element of a strong tourism infrastructure in Tompkins County, enhancing the ease of navigation for our nearly 900,000 annual visitors to key attractions and destinations while also supporting the development of a sense of place as one moves through the county, and

WHEREAS, the State of New York has announced the availability of funds through the 2015 State of New York Consolidated Funding Application (CFA), and

WHEREAS, the Tompkins County Chamber of Commerce and its Foundation have been working with numerous stakeholders, including the County, City, Cornell University, Ithaca College, and other municipalities to pull together a local funding contribution match to the state CFA application, and

WHEREAS, currently there is a lack of consistency in physical design and frequency of signs and no conceptual connection between types of signage, and improving wayfinding signage is identified as a priority in the Tompkins County 2020 Strategic Tourism Plan, and

WHEREAS, the Tompkins County Legislature has charged the STPB with providing oversight and strategic direction for use of the County’s nearly \$2.5 million dollars in annual hotel room occupancy tax funds, and the STPB develops recommendations to the Legislature for room tax budget allocations and tourism grants funded by room tax, and

WHEREAS, Tompkins County has established a dedicated funding source for implementing the 2020 Strategic Tourism Plan, known as Strategic Tourism Implementation Grants, for which implementation of the Wayfinding and Interpretive Signage Plan is an eligible project, and

WHEREAS, \$150,000 is budgeted for Strategic Tourism Implementation Grants in the 2015 Tompkins County room tax budget, an additional \$165,000 is identified for this line in the

preliminary 2016 budget, and additional funds in this line are expected to be available in 2017,
and

WHEREAS, and the STPB views this project as a funding priority for Strategic Tourism
Implementation funds, *now, therefore, be it*

RESOLVED, that the STPB hereby confirms its intention to recommend up to \$150,000 in
Strategic Tourism Implementation funding for the Tompkins County Wayfinding and
Interpretive Signage Project with funding spread over the three years of 2015, 2016 and 2017 in
approximately equal amounts of \$50,000 each year, contingent upon an award of funds from the
2015 CFA, with the final funding formula to be determined based on stakeholder participation
and total project costs, and also contingent on final confirmation of awards made by the
Tompkins County Legislature.

Conferences/Summits

Empire State Tourism Conference

This is an annual two-day conference hosted by the NYS Tourism Industry Association (NYSTIA). It attracts CVBs, attractions, accommodations and vendors who supply the industry. ILNY typically presents its annual marketing and promotion plan at this event.

<https://www.nystia.org/empire-state-tourism-conference>

NYSHTA Annual Tourism Conference

The NYS Hospitality & Tourism Association is the state's hotel industry trade group. It hosts its annual conference in the spring. This conference is geared largely to hotel management and operations with additional content on broader travel trends.

Governor's Tourism Summit

This 2-year-old event replaces a conference known as the Governor's Tourism Conference. The Governor uses the event to draw attention to tourism and to highlight the State's efforts promoting tourism. It's a one-day event attended by tourism leaders, hospitality executives and elected officials. It tends to be announced late, usually two weeks beforehand.
