

WHAT TO DO Next

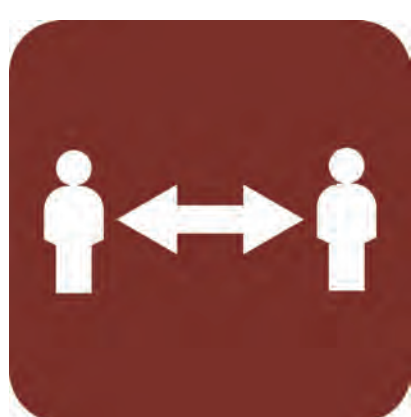

**Vaccines
Protect Us All**

After Your COVID-19 Vaccination

Check List:

- ✓ Make an appointment for your second dose before you leave the first dose clinic.
- ✓ Keep your CDC Vaccination Record Card as your personal proof of vaccination.
- ✓ Respond to text messages from the “v-safe daily check-in.”
- ✓ Protection is not immediate. You are fully vaccinated 2 weeks after getting your second dose.
- ✓ No vaccine is 100% effective. You could still get a mild case of COVID-19 or potentially spread the virus to others.

EVERYONE MUST CONTINUE TO FOLLOW ALL GUIDANCE TO KEEP OUR COMMUNITY HEALTHY & SAFE

Distance

Please do not form lines or groups. Keep 6 feet of distance at all times.

Density

Avoid entering crowded rooms or areas. Reduce occupancy to allow for proper distancing.

Face Covering

You must wear a face covering when in public buildings and outdoor spaces around others.

Hand Hygiene

Wash hands well and often. Clean & disinfect frequently touched surfaces often.
