

Wonderful Wheelchairs

presents a hands-on
informational workshop

July 25, 2022 12:30PM to 2PM

Mobility Devices

Do you or someone you know need a device to help you with mobility? How do you decide on what to get? What options are available? Once you get a device how do you keep it in good shape?

Wonderful Wheelchairs volunteers will help you understand these issues and show you some of the options we have available for community members to **try** and **buy**.

We have a substantial inventory of refurbished mobility devices available for those who might need them but don't have insurance, only need temporary help, or need help understanding what is available or how to fix problems with devices you have.

Join us in person at
Tompkins County
Office for the Aging
214 W. State St.,
