

# WARRIOR *Writers*

## **Extend your Veterans Day with Warrior Writers**

Warrior Writers in Tompkins County will Muster 1900-2100 on Thursday, Nov. 12, to trade barbs, tales – long and short, and their thoughts of their time in and after service to our nation.

This group of Veterans from various times of military conflict come together via Zoom and write on command based on a writing prompt/suggestion that can be based on a Veterans time in service or a significant event in their life. In the spirit of Veterans Day, this session will mark a good time to reflect more personally on times in uniform, or since.

Newcomers from any time of military conflict and living in Tompkins County are welcome to the writing session, held twice monthly on the second and fourth Thursdays. Gulf War Veterans and authors Kevin Basl and Nate Lewis lead the group; Vietnam War Veteran Jim Murphy convenes the group. At the facilitators' request, participants will consider their writings via peer review.

For more information and access to the virtual sessions via Zoom, contact:
