Tompkins County Workforce Development Board

Dislocated Worker Guidance and Interpretation

Purpose

To provide guidance on the New York State Department of Labor (NYSDOL) interpretation on the Workforce Innovation and Opportunity Act (WIOA) definition of Dislocated Worker (DW) and recording DWs in the One-Stop Operating System (OSOS).

Tompkins County Workforce Development Board (TCWDB) must develop policy/procedure(s) for identifying DWs under the DW definition who are not profiled as “Likely to Exhaust” or UI Exhaustees, that adheres to this guidance. TCWDB must use the expanded NYSDOL interpretations of DW in this guidance in developing these policies and procedures to ensure all individuals who can qualify as DWs receive WIOA services.

The definition of DW under WIOA Section 3(15) includes five (5) categories of DWs per subsections (A) – (E). Eligibility for the DW program is based on the WIOA definition, but states have some flexibility in how this definition is applied.

This guidance provides the NYSDOL interpretation of the terms and guidelines within each of the WIOA Section 3(15) subsections to expand access to WIOA services for unemployed and underemployed populations and help address the workforce-related impacts of the COVID-19 public health emergency.

As of July 1, 2022, NYSDOL allows the following interpretation of the five (5) WIOA DW categories:

A. Category 1 – DW

- i. Has been terminated or laid off, or who has received notice of termination or layoff, from employment, including separation from active military service (unless dishonorably discharged); **and**
- ii. (1) Is eligible for or has exhausted entitlement to **unemployment compensation**;
or

NYSDOL Interpretation:

- ***“unemployment compensation”*** to include any compensation or assistance received under Subtitle A – Unemployment Insurance (UI) provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, and any similar compensation received under subsequent federal law(s). This includes:
 - *Pandemic Unemployment Assistance (PUA)*;
 - *Federal Pandemic Unemployment Compensation (FPUC)*;
 - *Pandemic Emergency Unemployment Compensation (PEUC)*;
 - *Federal-State Extended Benefits (EB)*; and
 - *Mixed Earner Unemployment Compensation (MEUC)*.

As of January 18, 2021, NYSDOL uses an “hour-based” approach to define how part-time work impacts unemployment benefits, where individuals can work up to seven (7) days per week without losing full unemployment benefits for that week, if the

Board Approval: Pending

individual is searching for work and meets current hourly or earnings criteria. Therefore, these individuals can also be designated as DWs.

(2) Has been employed for a **duration sufficient to demonstrate, to the appropriate entity at a Career Center referred to in WIOA Section 121(e), attachment to the workforce**, but is not eligible for unemployment compensation due to insufficient earnings or having performed services for an employer that were not covered under a State unemployment compensation law; **and**

NYS DOL Interpretation:

- ***“duration sufficient to demonstrate...an attachment to the workforce”*** as any labor performed in any occupation where the employee has worked for two full pay periods or one month, whichever is less.

NYS DOL extends this interpretation to also recognize individuals who have accepted stopgap employment in lieu of applying for UI benefits, and can therefore be designated as a DW.

- iii. Is **unlikely to return to a previous industry or occupation;**

NYS DOL Interpretation:

- ***“unlikely to return to a previous industry or occupation”*** if they have been unemployed since their termination/layoff or is underemployed.

*An individual collecting UI and exempt from work search because they are a member of a union who receives work through a union hiring hall, on temporary layoff (TLO), or seasonal loss of employment where the employer has given a definite return to work date within eight weeks are **not considered unlikely to return and thus are not a DW.***

Individuals who are active UI claimants profiled as “Likely to Exhaust Benefits” or UI Exhaustees, are considered to meet the definition of DW and can be designated as such.

*Participant attestation is sufficient to determine if the individual is unlikely to **“return to a previous industry or occupation.”** Self-attestation must include a “reasonable” explanation of why the individual would be unable to return to the previous occupation. This explanation must include an analysis of Labor Market Information (LMI) data around the economic outlook of the occupation or a personal reason why the individual would be unable to return to a previous occupation.*

Staff may also utilize “Dislocated Worker (DW) Eligibility Desk Guide and One Stop Operating System (OSOS) and File Requirements” in making a determination on whether someone can be considered “unlikely to return to a previous industry or occupation.”

B. Category 2 – DW Mass Layoff or Closure

Created: 9/29/2022

Revised: 10/25/2022

Board Approval: Pending

- i. Has been terminated or laid off, or has received a notice of termination or layoff, from employment because of any permanent closure of, or any **substantial layoff** at, a plant, facility, military installation, or enterprise;

NYSDOL Interpretation:

- **“substantial layoff”** as the layoff of five (5) people or 10% of that employer’s workforce, whichever is less.
- ii. Is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; **or**
- iii. For purposes of eligibility to receive services other than training services described in WIOA Section 134(c)(3), career services described in Section 134(c)(2)(A)(xii), or supportive services, is employed at a facility at which the employer has made a general announcement that such facility or military installation will close;

C. Category 3 – DW Self-Employed

Was self-employed (including employment as a farmer, a rancher, or a fisherman) but is unemployed as a result of general economic conditions in **the community in which the individual resides** or because of natural disasters, a nationwide public health emergency, or other unforeseen events.

NYSDOL Interpretation:

- **“the community in which the individual resides”** as the geographic area in which the individual resides or as the industry, sector, or occupational community not bound by physical location which may be affected by general economic conditions. An individual’s economic community may extend beyond the geographical location of that person and/or their business or source of income. Conditions that affect general economic conditions may include the logistical supply chain or location of product/service delivery.

D. Category 4 – DW Displaced Homemaker

Is an individual who has been providing **unpaid services** to family members in the home and who has been:

- i. Either **(a) dependent on the income** of another **family member** but is **no longer supported by that income**; **or (b)** Is the dependent spouse of a member of the Armed Forces on active duty and whose family income is **significantly reduced** because of a deployment, a call or order to active duty, a permanent change of station, or the service-connected death or disability of the member; **and**

NYSDOL Interpretation:

- **“unpaid services”**: any service provided without an employer/employee relationship between family members.
- **“dependent on the income”**: receiving financial or other form of assistance from a family member to meet any basic need (food, shelter, clothing, transportation, or any other need necessary for self-sufficiency) of the individual.

Created: 9/29/2022

Revised: 10/25/2022

Board Approval: Pending

- **“family member”**: a spouse, dependent child, spouse's child, daughter-in-law, son-in-law, brother, sister, mother, father, grandparents, grandchild, step-brother, step-sister, step-parents, parents-in-law, brother-in-law, sister-in-law, aunt, uncle, niece, nephew, guardian, ward, or domestic partner.
 - **“no longer supported by that income”**: the removal of financial or other form of assistance that is provided to meet any basic need of the individual. This definition is not limited to the removal of the total assistance received by the individual, rather the assistance received per basic need, and may include individuals who work part-time if that work does not cover the individual's basic need.
 - **“significantly reduced”**: any reduction in family income due to deployment.
- ii. Is either (a) unemployed and is **having trouble** in obtaining or upgrading employment; or (b) **underemployed** and is **having trouble** in obtaining or upgrading employment.

NYSDOL Interpretation:

- **“having trouble”**: being unsuccessful in finding employment or upgrading employment, as determined by self-attestation.
- **“underemployed”**: Displaced Homemakers to include, but not be limited to,
 - (1) individuals employed less than full-time who are seeking full-time employment;
 - (2) individuals who are employed in a position that is inadequate with respect to their skills and training;
 - (3) individuals who are employed who meet the definition of a low-income individual in WIOA sec. 3(36);
 - (4) individuals who are employed, but whose current job's earnings are less than the self-sufficiency wage rate set by the LWDB, or are not sufficient based on their training and experience or compared to their earnings from their previous employment; and
 - (5) individuals who are employed in stopgap employment.

E. Category 5 – DW Spouse of a Member of the Armed Forces

- i. Is the spouse of a member of the Armed Forces on active duty, and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such member; **or**
- ii. Is the spouse of a member of the Armed Forces on active duty and who meets required WIOA criteria.

Under the WIOA regulations at 20 CFR 680.660, service members exiting the military, including, but not limited to, those who receive or are eligible for Unemployment Compensation for Ex-Service members (UCX), generally qualify as DWs. Generally, a separating service member needs a notice of separation, either a DD-214 from the Department of Defense, or other appropriate documentation that shows a separation or imminent separation from the Armed Forces. These documents meet the requirement that the individual has received a notice of termination or layoff, to meet the required DW definition. ETA policy generally dictates that a separating service member meets the DW requirement that an individual is unlikely to return to his or her previous industry or occupation in the military.

II. Additional DW Designations

In addition, NYSDOL recognizes the following individuals as DWs:

A. Individuals dislocated due to Foreign Trade, including participants in the Trade Adjustment Assistance (TAA) Program who are part of a worker group covered under a certified trade petition, which demonstrates an increase in imports, a shift or acquisition in production, or a loss of sales and/or production which contributed importantly to the worker(s)'s separation or threat of separation (additional information on the TAA program is located in Workforce Development System Technical Advisory (WDS TA) #21-03);

B. Long-term unemployed (LTU) individuals: Individuals who receive Unemployment Compensation benefits for at least 27 weeks and are still unemployed; and

Note: LTU may include those individuals originally designated DWs as part of a National Dislocated Worker Grant (NDWG) and who remain unemployed once they are no longer funded with the NDWG.

C. Underemployed individuals: Individuals who have been determined to be DWs may remain DWs, even after they have obtained employment, if they are:

- i. individuals employed less than full-time who are seeking full-time employment;
- ii. individuals who are employed in a position that is inadequate with respect to their skills and training;
- iii. individuals who are employed who meet the definition of a low-income individual in WIOA sec. 3(36);
- iv. individuals who are employed, but whose current job's earnings are less than the self-sufficiency wage rate set by the LWDB, or are not sufficient based on their training and experience or compared to their earnings from their previous employment; and
- v. individuals who are employed in stopgap employment.

Recording DWs in OSOS

The One-Stop Operating System (OSOS) translates DWs identified in WIOA Section 3 (15) subsections (A) – (E) and those dislocated due to foreign trade into categories as follows:

(A) – Category 1 – Dislocated Worker;

(B) – Category 2 – Mass layoff or closure;

(C) – Category 3 – Self-employed;

(D) – Category 4 – Displaced homemaker;

(E) – Category 5 – Dislocated due to Foreign Trade (includes TAA participants); and

(F) – Category 6 – Spouse of a member of the Armed Forces.

Created: 9/29/2022

Revised: 10/25/2022

Board Approval: Pending

LTU and underemployed individuals, other than those designated as Displaced Homemakers, should be recorded into OSOS under Category 1 – Dislocated Worker.

PURPOSE

The definition of Dislocated Worker (DW) under Workforce Innovation and Opportunity Act (WIOA) Section 3(15) includes five (5) categories.

The five (5) WIOA DW categories are:

1. Category 1 - DW
2. Category 2 - DW Mass Layoff or Closure
3. Category 3 - DW Self-Employed
4. Category 4 - DW Displaced Homemaker
5. Category 5 - DW Spouse of a Member of the Armed Forces

Please refer to Program Guidance Letter (PGL) [#22-01](#) for New York State's interpretation of these DW definitions.

The One-Stop Operating System (OSOS) is the primary case management system used for tracking all services provided to customers throughout the Workforce Development System.

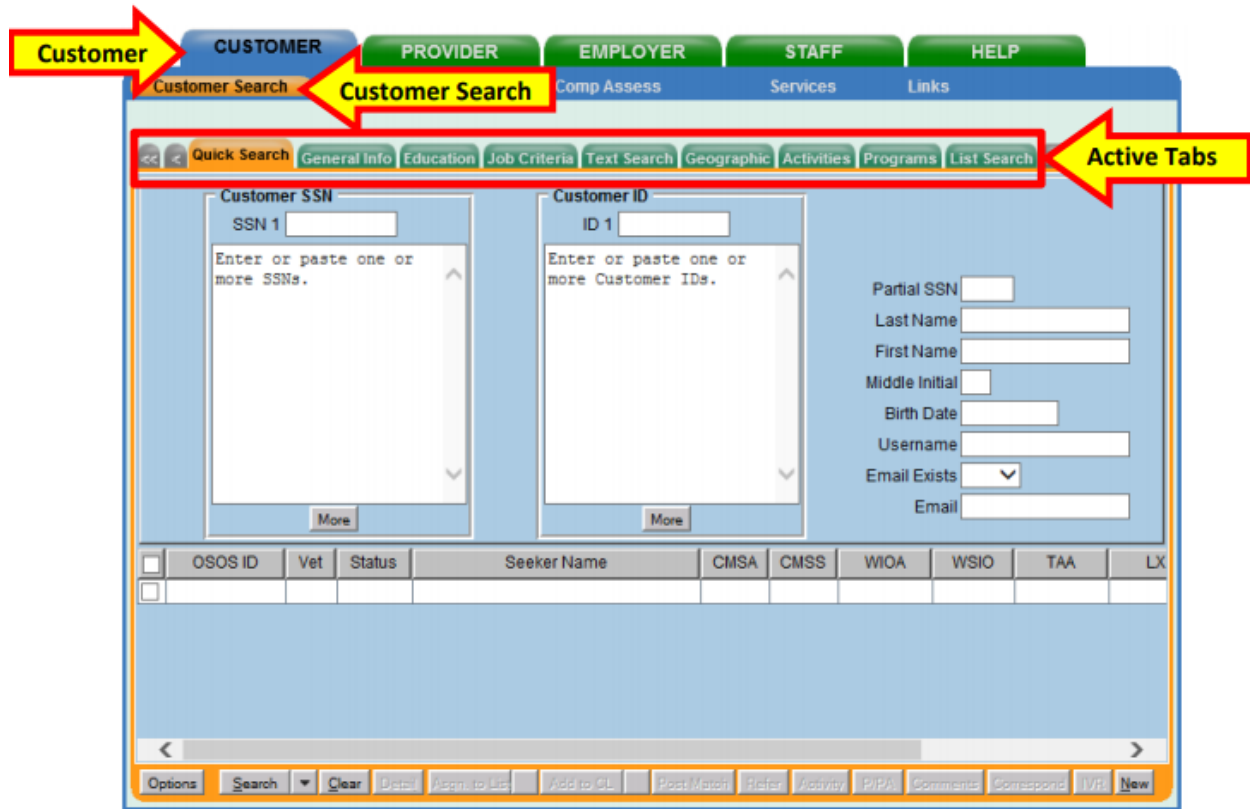

This guide provides instructions on how to properly document dislocated worker status in OSOS.

SEARCHING FOR THE CUSTOMER

When staff enter customer data into OSOS, it is important to determine if a record already exists for the customer. In addition, there may be instances where there are two existing records, or duplicate records, for the customer. When this occurs, we often see that one account has a Social Security Number and one does not. Following the instructions below ensures that any duplicate records can be found and addressed accordingly.

Searches are performed within the **Customer Search** window, in the **Customer** module.

While searches are most commonly performed from the **Quick Search** tab, any of the active tabs can be used in the search process. In addition, once you are case managing a customer, and their Customer ID is known, you may search for the customer using the Customer ID field.

The screenshot shows the OSOS Customer Search interface. At the top, there are navigation tabs: **CUSTOMER**, **PROVIDER**, **EMPLOYER**, **STAFF**, and **HELP**. Below these are sub-tabs: **Customer Search**, **Comp Assess**, **Services**, and **Links**. A red arrow points to the **Customer** tab, and another red arrow points to the **Customer Search** sub-tab. Below the sub-tabs is a row of search tabs: **Quick Search**, **General Info**, **Education**, **Job Criteria**, **Text Search**, **Geographic**, **Activities**, **Programs**, and **List Search**. A red box highlights these tabs, with a red arrow pointing to them labeled **Active Tabs**. The main search area contains two large text input fields: **Customer SSN** (with a sub-field for SSN 1) and **Customer ID** (with a sub-field for ID 1). Both fields have a "More" button below them. To the right of these fields are several smaller input fields: **Partial SSN**, **Last Name**, **First Name**, **Middle Initial**, **Birth Date**, **Username**, **Email Exists** (a dropdown menu), and **Email**. Below the search fields is a table with columns: **OSOS ID**, **Vet**, **Status**, **Seeker Name**, **CMSA**, **CMSS**, **WIOA**, **WSIO**, **TAA**, and **LX**. At the bottom of the window is a toolbar with buttons: **Options**, **Search**, **Clear**, **Print**, **Print to PDF**, **Add to QL**, **Print Master**, **Print**, **Print**, **PIP**, **Comments**, **Respond**, **IVR**, and **New**.

QUICK SEARCH

A customer search is most commonly performed from the **Customer Search** window, **Quick Search** tab. There are numerous ways a customer search can be conducted depending on the information the staff has obtained. Staff will mainly search by **Customer Full** or **Partial Name**.

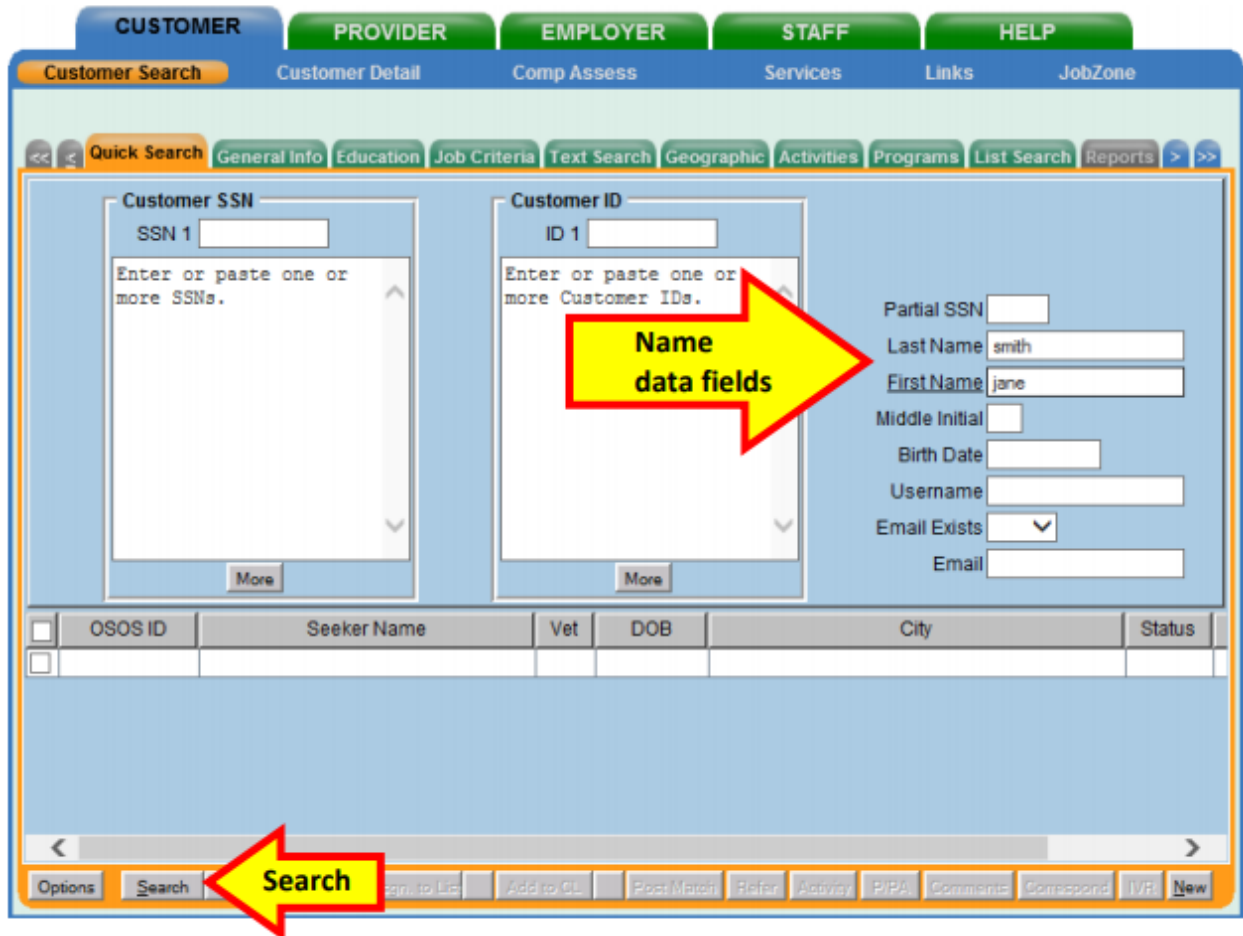

SEARCHING BY CUSTOMER FULL OR PARTIAL NAME

Staff may search for a customer record by full or partial name. Enter as much information as is known in the **Last Name** and **First Name** data fields.

As a best practice, staff should perform a name search for any customer they are working with to determine if duplicate OSOS records exist for the same customer. Due to the potential impact on performance and funding, it is critical that data entry of services is entered in the correct record. If a duplicate record is found, please contact help.osos@labor.ny.gov.

Click the **Search** button.

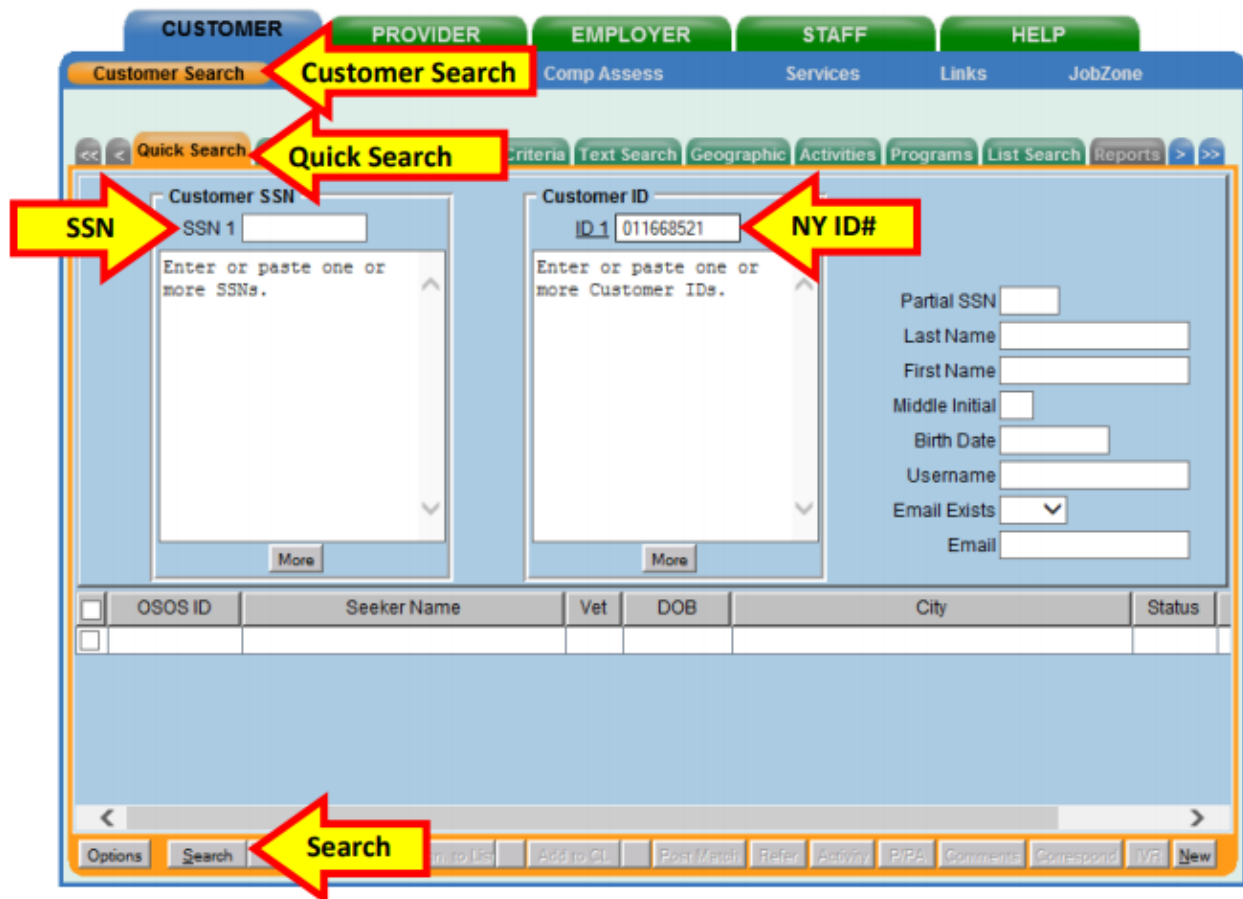

The screenshot shows the OSOS Customer Search interface. At the top, there are tabs for CUSTOMER, PROVIDER, EMPLOYER, STAFF, and HELP. Below these are sub-tabs: Customer Search, Customer Detail, Comp Assess, Services, Links, and JobZone. The 'Quick Search' sub-tab is selected, with other options like General Info, Education, Job Criteria, Text Search, Geographic, Activities, Programs, List Search, and Reports. The main search area contains two large text input fields for 'Customer SSN' and 'Customer ID'. To the right, there are smaller input fields for 'Partial SSN', 'Last Name' (containing 'smith'), 'First Name' (containing 'jane'), 'Middle Initial', 'Birth Date', 'Username', 'Email Exists' (a dropdown menu), and 'Email'. A yellow arrow labeled 'Name data fields' points to the 'Last Name' and 'First Name' fields. At the bottom, there is a table with columns for OSOS ID, Seeker Name, Vet, DOB, City, and Status. Below the table is a 'Search' button, highlighted with a yellow arrow. Other buttons at the bottom include Options, Sign to LIS, Add to CL, Post Match, Refer, Activity, PIPA, Comments, Correspond, IVR, and New.

SEARCHING BY FULL SOCIAL SECURITY NUMBER OR NY ID

Once staff are case managing a particular customer, they can search by **Customer SSN** or **Customer ID** in the **Quick Search** tab to find the customer record.

Then click the **Search** button at the bottom of the screen.

The screenshot shows the OSOS interface with the following elements highlighted by red arrows:

- Customer Search** tab (top navigation)
- Quick Search** tab (sub-navigation)
- SSN** label pointing to the **Customer SSN** field
- Customer SSN** field with a sub-label **SSN 1** and a text area for input
- Customer ID** field with a sub-label **ID 1** and a text area for input
- NY ID#** label pointing to the **Customer ID** field
- Search** button (bottom navigation)

Below the search fields is a table with the following columns: OSOS ID, Seeker Name, Vet, DOB, City, Status.

If there is a matching record, OSOS will display the customer's record. If there is no matching record, the system will display **No Matches Found** in the upper right-hand corner.

*The search can be based on either SSN or ID number, but it cannot be based on both. Including data in both the **Customer SSN** field and the **Customer ID** field will result in an error message.*

DISLOCATED WORKER

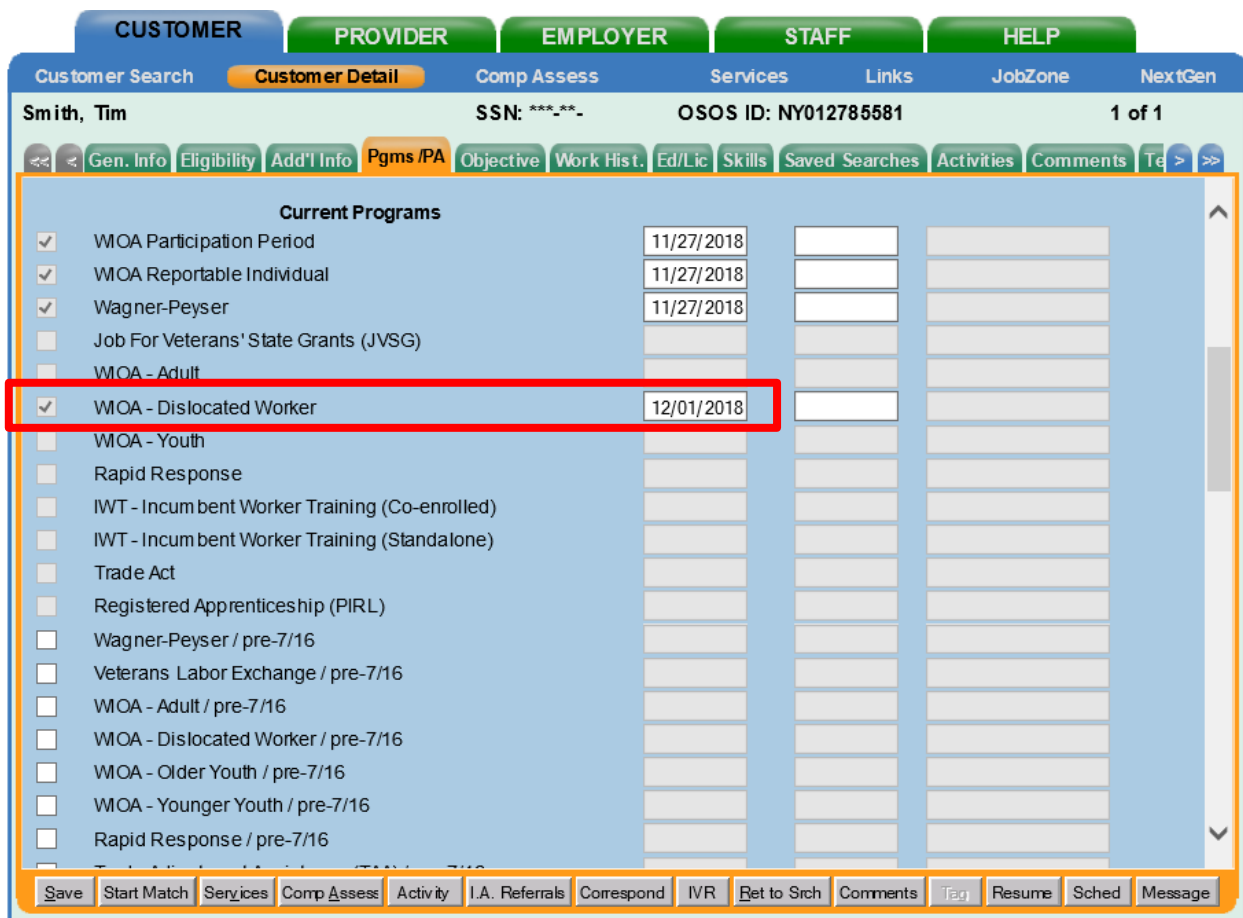

Dislocated Worker status is documented in the **Customer Detail** window, **Work History** tab of OSOS.

Staff must always review the entire OSOS record for accuracy at each customer interaction and update all tabs as appropriate.

Staff must review and update the record fully prior to entering activities or recording services in the customer record. This will cause the customer to be properly enrolled in the WIOA Dislocated Worker program upon first enrolling activity or service.

Enrollment information and date is visible in the **Customer Detail** window, **Pgms/PA** tab.

The screenshot shows the OSOS Customer Detail window for Tim Smith (SSN: ***-**-****, OSOS ID: NY012785581). The 'Pgms/PA' tab is selected, showing a list of 'Current Programs'. The 'WIOA - Dislocated Worker' program is checked and has a date of 12/01/2018. CATEGORY 1 - DISLOCATED WORKER

To properly document a dislocated worker, the **Work History** tab of the **Customer Detail** window must be completed. The customer's most recent job prior to the participation in the WIOA Dislocated Worker program must be recorded.

Category 1 - Dislocated Category includes customers who:

- have been separated or received notice of separation; and
- are eligible for or have exhausted Unemployment Insurance benefits, or who are not eligible for Unemployment Insurance, but have demonstrated their attachment to the workforce; and
- are unlikely to return to a previous industry or occupation.

This category will include long-term unemployed (LTU) individuals and underemployed individuals who have accepted stop-gap employment. Please refer to PGL #22-01 to identify if the customer you are working with can be classified as a Category 1 Dislocated Worker based on New York State's interpretation of the WIOA Dislocated Worker definitions.

For a customer who is considered a Category 1 Dislocated Worker due to long-term unemployment status, select **Yes** in the **Long-Term Unemployed** field in the **Gen. Info** tab.

Writing an Effective Case Note in OSOS

In OSOS, case notes can be added to a customer record by clicking on the Comments Button of any tab in the Customer Detail Window, and can be viewed in the Comments Tab. Case notes should be added to a customer record for each interaction you have with a customer. You will find it helpful to record good case notes in OSOS for tracking a customer's progress at each point in their employment services process. Since multiple agencies and staff members may be working with the same customer, it is essential to write thoughtful case notes that provide a thorough and objective overview of the customer that everyone can reference and utilize. For case notes to be effective, they should make SENSE:

• SITUATION

- The first step in writing a case note is recording the reason why the customer is meeting with you. Case Notes detail where the customer is on his or her path to training or employment goals. They also detail any relevant information that is not collected anywhere else in OSOS (e.g., if a customer discloses a disability, you would note in Comments any regular workplace/training accommodations). Note any updated employment services information such as job search or training progress, job leads, etc.

• EVALUATION

- Next, record your professional evaluation/assessment of the customer's current situation. Record what happened during your meeting. Were the meeting goals accomplished? If not, why? Be sure to outline your assessment, any results and interpretation of these results. Make a note of any employment barriers your customer is facing as well as their efforts and challenges.

• NEXT STEPS

- Write what you and your customer will do as a result of the meeting. Set goals for what you both hope to accomplish by the next meeting and schedule a follow-up appointment and/or workshops if needed. This should follow logically from the customer's situation and your professional evaluation.

• SUFFICIENT INFORMATION (SAY WHAT YOU SEE)

- After completing your case notes take a moment to review that you have included enough information and that the note is objective. Assume that your case notes will be referenced by another staff member working with the customer. Will the information you provided be helpful? Did you record pertinent details of what happened and what was accomplished, as well as your reasoning for any services provided and any suggestions or goals you have set? Include any change in employment goals, restrictions or accommodations if needed.
- Remember, record only observable behavior, not personal impressions.

• EMPLOYMENT-RELATED INFORMATION ONLY

- Take care to enter only facts and relevant information related to the customer's training and employment goals. You should not include any unrelated information, protected health information (PHI) or any subjective personal opinions.

Dislocated Worker (DW) Eligibility Desk Guide and One Stop Operating System (OSOS) and File Requirements

An individual collecting UI and exempt from work search because they are a member of a union who receives work through a union hiring hall, on temporary layoff (TLO) or seasonal loss of employment where the employer has given a definite return to work date within eight weeks are not considered unlikely to return and thus are not a DW.

Comment examples for when the reason the customer is unlikely to return to an occupation or industry is **economic**:

1. Customer was employed as a **telephone operator** and is unlikely to return to that occupation -- O*Net shows this occupation is declining rather than growing.
2. Customer was employed at Family Video. Per Newsweek (2/27/21), Family Video is the nation's last **video rental chain**, and they are closing all remaining stores. An internet search showed there are no other video rental stores in customer's commuting area so he's unlikely to return to this industry.
3. Customer was employed as a **floral designer**, but the business closed due to declining sales. She is unlikely to

WE ARE YOUR DOL

return to that occupation; BLS indicates that employment will decline 20% between 2020 and 2030.

Comment examples for when the reason a customer is unlikely to return to a previous occupation or industry is **personal**:

4. Customer was employed as a **medical coder** for 23 years but is unlikely to continue in that occupation because he lacks the newest certifications that are currently required in the field.
5. Customer was employed as a **plumber** for many years but is unlikely to return to the occupation because she is no longer able to perform hard physical labor.
6. Customer has a lot of experience in the **restaurant** industry but will not return to that industry for medical reasons (see file for details). *In this case, staff entered a note in the file that the customer is being served under the Opioid grant and is seeking employment outside the restaurant industry since there is illicit drug use in the industry he wishes to avoid.*
7. Customer worked in the **banking** industry but is unable to continue working in that industry due to personal legal circumstances.
8. Customer is **long-term unemployed**; she worked as a CNA in the early 2000s but was laid off during the recession and hasn't worked since. She's unlikely to return to that occupation because her certification expired and she's no longer capable of heavy lifting.
9. Customer is **long-term unemployed**; he exhausted 26 weeks of UI benefits and is therefore unlikely to return to the same industry or occupation.

Definitions

Long Term Unemployed (LTU) Individuals

Individuals who receive Unemployment Compensation benefits for at least 27 weeks and are still unemployed. LTU may include those individuals originally designated DWs as part of a National Dislocated Worker Grant (NDWG) and who remain unemployed once they are no longer funded with the NDWG.

Underemployed Individuals

Individuals who have been determined to be Dislocated Workers may **remain** DWs even after they have obtained employment, if they meet one of the following criteria: (1) individuals employed less than full-time who are seeking full-time employment; (2) individuals who are employed in a position that is inadequate with respect to their skills and training; (3) individuals who are employed who meet the definition of a low-income individual in WIOA sec. 3(36); (4) individuals who are employed, but whose current job's earnings are less than the self-sufficiency wage rate set by the LWDB, or are not sufficient based on their training and experience or compared to their earnings from their previous employment; and (5) individuals who are employed in stopgap employment.

Stopgap Employment

Stopgap employment means work an individual does only because they have lost the customary work for which their training, experience or work history qualifies them (individual is underemployed). Employment would be considered stopgap if:

- the employment is not in the individual's primary occupation;
- the salary is substantially below the salary of the individual's primary occupation;
- the individual is working substantially under the skill level of his/her customary occupation; and
- the individual has been in the stopgap job less than one (1) year.

There may be times when stopgap employment provides a self-sufficient wage (e.g., contract employment, seasonal employment, or employment obtained through a temporary employment services agency). Such employment would not change the individual's DW status. The determination about whether an individual's employment since dislocation is stopgap employment must be made on a case-by-case basis and take into consideration an individual's personal, family, financial, and employment situation.

Needs Related Payments Policy

Purpose

Needs-related payments provide financial assistance to participants for the purpose of enabling them to participate in training and are a supportive service authorized by WIOA sec. 134(d)(3). Unlike other supportive services, in order to qualify for needs-related payments a participant must be enrolled in training.

Contingent on available funding a stipend of \$125.00* per week (or actual UI rate, whichever is LESS) will be available to all participants on a bi-weekly basis while in school full time for a maximum of 52 weeks not to exceed \$7,000 if they meet the following:

Adults

- Unemployed
- do not qualify for, or have ceased to qualify for UI; and
- are enrolled in a program of training services
- family income (based on family-size) does not exceed 250% of the poverty level.

Dislocated Workers

- Unemployed and
- have ceased to qualify or did not qualify for UI or TAA; and
- were enrolled in a program of training services by the end of the 13th week after the most recent layoff that resulted in Dislocated Worker Status; and
- family income (based on family-size) does not exceed 250% of the poverty level.

Definition of Unemployed

According to the Department of Labor, people are classified as unemployed if they do not have a job, have actively looked for work in the prior 4 weeks, and are currently available for work. Actively looking for work may consist of any of the following activities:

- Contacting:
 - An employer directly or having a job interview
 - A public or private employment agency
 - Friends or relatives
 - A school or university employment center
- Submitting resumes or filling out applications
- Placing or answering job advertisements
- Checking union or professional registers
- Some other means of active job search

Department of Labor Federal Registrar Supportive Services

§ 680.930 What are needs-related payments?

Needs-related payments provide financial assistance to participants for the purpose of enabling them to participate in training and are a supportive service authorized by WIOA sec. 134(d)(3). Unlike other supportive services, in order to qualify for needs related payments a participant must be enrolled in training.

§ 680.940 What are the eligibility requirements for adults to receive needs related payments?

Adults must:

- (a) Be unemployed;
- (b) Not qualify for, or have ceased qualifying for, unemployment compensation; and
- (c) Be enrolled in a program of training services under WIOA sec. 134(c)(3).

§ 680.950 What are the eligibility requirements for dislocated workers to receive needs-related payments?

To receive needs-related payments, a dislocated worker must:

- (a) Be unemployed, and:
 - (1) Have ceased to qualify for unemployment compensation or trade readjustment allowance under TAA; and
 - (2) Be enrolled in a program of training services under WIOA sec. 134(c)(3) by the end of the 13th week after the most recent layoff that resulted in a determination of the worker's eligibility as a dislocated worker, or, if later, by the end of the 8th week after the worker is informed that a short-term layoff will exceed 6 months; or
- (b) Be unemployed and did not qualify for unemployment compensation or trade readjustment assistance under TAA and be enrolled in a program of training services under WIOA sec. 134(c)(3).

§ 680.960 May needs-related payments be paid while a participant is waiting to start training classes?

Yes, payments may be provided if the participant has been accepted in a training program that will begin within 30 calendar days. The Governor may authorize local areas to extend the 30- day period to address appropriate circumstances.

§ 680.970 How is the level of needs-related payments determined?

- (a) The payment level for adults must be established by the Local WDB. For statewide projects, the payment level for adults must be established by the State WDB.
- (b) For dislocated workers, payments must not exceed the greater of either of the following levels:
 - (1) The applicable weekly level of the unemployment compensation benefit, for participants who were eligible for unemployment compensation as a result of the qualifying dislocation; or
 - (2) The poverty level for an equivalent period, for participants who did not qualify for unemployment compensation as a result of the qualifying layoff. The weekly payment level must be adjusted to reflect changes in total family income, as determined by Local WDB policies.

Clarification to Policy

1. Semester breaks of 14 days or less

Customers eligible for needs-related payments shall be paid for school breaks^[1] lasting 14 weekdays or less with no obligation on their part.

2. Semester breaks of 15 days or more

Customers eligible for needs-related payments shall be paid for school breaks lasting 15 weekdays or more if they are in compliance with bi-weekly employment-related activities designed and monitored by Workforce Development Specialists.

Important Notes:

****WIOA should be the last option of funding if other programs or providers are available. Denial of other services should be annotated to OSOS.****

****All needs related payments should have an appropriate corresponding comment entered in OSOS. Please make sure that all OSOS fields are updated to meet eligibility requirements. E.g. Work History, Employment status.****

^[1] School breaks are defined as Spring Break, Winter/Christmas Break, etc. and the period of time between Fall and Spring; Spring and Summer; and Summer and Fall semesters. Under no circumstances will customers be allowed to collect needs-related payments over the summer if they are not attending classes.
