DIRECTOR UPDATES - SYEP, OET DIRECTOR SEARCH, MOU, COUNTY BUDGET, LICENSED PRACTICAL NURSE TRAINING PROJECT

Ms. Mattick reported the MOU was submitted to the State in the middle of May. She was just notified that all of the state agencies legal counsel has indicated it is ready for signatures. Now it is on hold because both the OET Director and DSS Commissioner, who participated in the negotiations of the document and are listed as the program contacts for each agency, have left their positions. She is waiting for guidance from the state on how to proceed.

She reported she will be in Albany later this week for discussion around the infrastructure component of the MOU. This is due by the end of the year. Discussions will include all partners and all will need to sign, but it only affects those partners that are on site at One Stop Center.

Ms. Mattick reported that the budget request to the County includes an over target request of $30,000 for the Office of Employment and Training to cover expected rent increases. She believes the Department of Labor will be moving to a FTE model. Previous agreements have been based on squared footage.

Mr. Pronti arrived at 8:18 a.m.

Ms. Mattick reported that since the last meeting NYSDOL has been in to do procurement review and there may a finding that the One Stop Operator was procured without any funding being budgeted. NYSDOL and USDOL having a disagreement with USDOL stating that releasing RFP without funding is not allowing for competition. The problem is that state’s guidance to local areas stated that it was okay. She stated that if the finding occurs she will bring it to the Committee for input.

Mr. Burrows asked if it becomes necessary to including funding, how much would need to be budgeted and where would the funds come from. Ms. Mattick stated she would suggest including
$5,000 to cover the operator convening four meetings annually and reduce the allocation to the Office of Employment and Training by the same amount.

Ms. Mattick reported on the OET Director search. There were 12 qualified applicants, seven phone interviews were conducted three finalists were identified. Interviews will be conducted in the next couple of weeks and the hope is to have a new director on staff in mid-October or the first of November. She stated center operations are running smoothly currently.
