CALL TO ORDER

Chairman Bishop called the meeting to order at 8:33 a.m.

APPROVAL OF MINUTES – September 14, 2021

It was moved by Mr. Levesque, seconded by Ms. Franzese and unanimously adopted by voice vote of members present to approve the minutes of September 14, 2021 as written.

WORKPLAN

One Stop Center Update

Ms. Mouillesseaux reported that the Office of Employment and Training have two new Workforce Development Specialist staff members. One has been a former staff member with lots of experience and the other staff is new but comes years of experience.

Ms. Mouillesseaux reported with the amount of funding that the Office of Employment and Training has for this fiscal year of $125,000 that need to be spent by June 30, 2022. The staff have set strategies of outreach to participants to let the community know what services the Career Center can provide. The staff are doing outreach in the Tompkins County Library, so that community members can use technology to write cover letters, resumes and to submit applications.

Ms. Mouillesseaux reported that the Career Center staff are in the process of taking professional development training with outside presenters like Family and Children’s Services on trauma and LGTPQ challenges how to gain employment and retain employment. Learning about systemic barriers and how to help employers and employees to navigate through barriers.

Mr. Cerasaro reported that NYSDOL has begun a piolet program of opening Career Centers across New York. Ten offices were chosen and reopened to the public yesterday with a smooth reopening with scheduling a couple of appointments a day with customers. Customers have given positive feedback of what their experience was with the reopening.

Virtual Career Center

Mr. Cerasaro reported that NYSDOL is looking to reopen Career Centers early 2022.
Career Center Security

Mr. Cerasaro reported that all Career Centers will have security guards in place when the Career Centers start to see customers. When the Career Center reopens there will be safety protocol in place; masks will be required, 6ft distancing and Career Center will be sanitizing.

Mr. Cerasaro reported that Ithaca Career Center is closed to public, but are seeing customers through virtual appointments, virtual workshops, and offering them in several languages.

In-demand Occupations List

Ms. Avila reported the in-demand occupation list has 108 occupations listed and was compiled from the 2018 list and the “The New Possible” list of occupation list. Ms. Avila would like input from the Committee members to add or delete occupations that need to be updated.

Policies-Review and Updates

Ms. Mouillesseaux reported that there are five policies that staff are updating and will review three with Committee today. Ms. Avila is working with the State on the Individual Training Account Policy and Supportive Services Policy for guidance and will be in front of the Committee at the next meeting.

Ms. Mouillesseaux reviewed changes that were made to the On-the-Job Training Policy to increase the OJT cap from $3,000 to $7,000 for Training. The OJT contract with employers is asking to pay job seekers living wage of $15.32 an hour up from $12.50.

It was moved by Mr. Levesque, seconded by Mr. Kersey, and unanimously adopted by voice vote of members present to approve the On-the-Job Training Policy as written.

Ms. Mouillesseaux reviewed changes to the Needs Related Payment Policy that provides payments for financial assistance to participants well they are in training. The updates would increase to $125.00 per week up to 52 weeks not to exceed $7,000.

It was moved by Mr. Levesque, seconded by Mr. Kersey, and unanimously adopted by voice vote of members present to approve the Needs Related Payment Policy as written.

Ms. Mouillesseaux reviewed changes to the Transitional Jobs Policy that provides customers who have been out of work for the last couple of years with chronic health issues, incarcerations, or stay at home parents re-entering the workforce. The updates would increase to living wage to $15.32 and increase length to 24 weeks or increase to 480 hours, minimum hours 20 and maximum 35 to 40. The business may hire participants upon completion of transitional job assignment or before.

It was moved by Mr. Levesque, seconded by Mr. Kersey, and unanimously adopted by voice vote of members present to approve the Transitional Jobs Policy as written.
DIRECTOR’S REPORT

Ms. Avila reported that One Stop Operation Procurement as expired June 30, 2021. Ms. Avila is working to complete to be within State compliance. Theirs procurement clarifies functions of One Stop Career Center and Board.

Ms. Avila reported to the One Stop Committee she has been approved for ETPL and is approving courses.

Ms. Avila reported that the Summer Youth Employment Program has ended September 30, 2021. Ms. Alvord is working on the RFP for Summer Youth Employment Program for 2022.

Ms. Avila reported that the Board, Ithaca Area Economic Development and T-S-T BOCES are collaborating to develop a soft skills training for Tompkins County. In collaboration we will be developing a pivot program to start the advanced manufacturing.

Ms. Avila reported that the Health Career Expo will be November 22, 2021, in person at Ithaca College. The event coordinators are looking for more sponsorship to purchase lunches for students who are participating. The Expo will be held from 9:00 a.m. to 2:00 p.m.

An additional meeting will be scheduled for the One Stop Operation and Oversight Committee to review Individual Training Account Policy and Supportive Services Policy to have approved at the next full Board meeting Tuesday, December 14, 2021.

ADJOURNMENT

The meeting adjourned at 9:57 a.m.

The next scheduled meeting is Tuesday, January 11, 2022.

I. PURPOSE OF ON-THE-JOB TRAINING

The On-the Job Training Program is designed to provide training in a specific skill area that will enable the participant involved to become a valuable and productive member of the employer's workforce. The employer has agreed to provide the necessary supervision and training. To be successful this program requires that the participant commit himself or herself to learning a skill, developing acceptable work habits and to approach this training in a dedicated and conscientious manner. The employer must be committed to providing the training and supervision. In selecting jobs for which training will be offered, consideration must be given to opportunities with a maximum potential of leading to economic self-sufficiency and upward mobility.

The reimbursement to the employer is compensation for the extraordinary costs associated with the training of participants. Some of these costs include more intensive supervision, above average material wastage, abnormal wear on tools, down time, and a lower rate of production. The OJT participant/employee is considered to be an employee on a “hire-first and train-later” basis. The participant employee must receive wages and fringe benefits equal to those similarly employed by the employer. The reimbursement is not a wage subsidy. It is a reimbursement for the extraordinary costs of training incurred by the employer in preparing the employee for successful employment. It is expected that the participant/employee will be retained on a full time basis after the reimbursement ends. It is also expected that the participant/employee will continue to receive compensation and benefits commensurate with job performance.

Current OJT Cap
Local WIOA - $7,000 maximum total contract
NEG/OJT Cap - $24.42 per hour

II. OVERVIEW OF ROLE OF THE ONE STOP

The role of the One Stop is to determine eligibility, screen and assess candidates, develop and maintain pools of OJT eligible candidates, outreach to the business community, referral, training outline development, placement into OJT positions, counseling of participants, appropriate follow up. Additionally, One Stop staff is also responsible for contract development, monitoring and authorization of reimbursement to the employer.

OUTREACH

OJT should be targeted to employers and job seekers, although different approaches will be needed for each group.

A. Broad-based outreach to employers is the most time-efficient approach, since it can reach a large number of employers and has the potential for greater volume of OJT opportunities.

- Broad-based outreach can reach employers and open up job opportunities staff might not uncover otherwise.
- Before launching a broad-based outreach strategy, the workforce development program must have a ready source of pre-screened candidates to refer.
- Business Services Reps will match job orders that are listed in OSOS with registered job-seekers. People who are matched will serve as pool of OJT candidates. Candidates will then be pre-screened and referred to employer for interview process.

B. Job Seeker-focused targeted job development may offer the best results for the job seeker, since it searches for the job that most closely fits the job seeker’s specific needs and goals.

*NEG-OJT funding is the exception see NEG-OJT section of policy
• Targeted job development is more time-intensive for the staff, since outreach is done on an individualized basis. One Stop Staff will utilize JobZone to identify possible OJT matches and follow up with job seeker accordingly.

• Utilizing a self-referral approach, job seekers are taught how to use the possibility of OJT in the course of their job searches. This is suitable for job seekers who have good job search skills and who can learn to use OJT as another tool to secure a new job.

• Through OJT Outreach Workshops, job seekers are taught about OJT and explore how to best utilize this possibility in the course of their job searches.

• Job seekers are each given personalized letters/brochures from the program that describes OJT to a potential employer.

• Job seekers introduce this concept during the course of an interaction with an employer for a job for which the job seeker needs additional skills.

• The employer and/or job seeker contacts the business service representative to discuss the possibility of an OJT contract with the employer.

• Business services representative contacts the business to ensure the job is eligible for OJT. Staff also assesses job seeker to make sure there are training objectives or skills to be learned in the new position.

• The business services representative speaks with and later meets with the employer to draw up a training plan, taking into account the skill requirements of the position and the skills of the individual.

C. Finding potential employers

Here are several sources to use for identifying possible employers for the program:

• Previous Job Placements. Good sources of recruits for OJT are employers that have hired job seekers in the past.

• Employer workshops where information is presented regarding the advantages of using an OJT program to find and keep talent.

• Chambers of Commerce or industry organizations. Most businesses belong to the Tompkins County Chamber of Commerce or IAED, so these are good points of contact to meet employers and discuss employer-based training programs. Also Tompkins County Workforce Investment Board members can be accessed for possible OJT opportunities.

The Tompkins County Workforce Investment Board staff is responsible for monitoring the Contract and the employer responsibilities provided for under the policy.

III. Pre-Award Review

• Preliminary Review – Business Application for On-the-Job Training
   Business Services Rep must have potential employers complete and sign.

• Responsibility Questionnaire - Business Services Rep must have Company complete and sign. Staff will then review responses to Questionnaire for any “yes” responses to the questionnaire. In the event of “Yes” responses to the Questionnaire, Tompkins Workforce Investment Board staff will need to be contacted for determination as to whether the “Yes” responses preclude doing an OJT.

*NEG-OJT funding is the exception see NEG-OJT section of policy
If a business has completed a Responsibility Questionnaire within the past year all that is needed is an attestation that the information presented in the form remains true, accurate and complete. This form is attached.

- **Registration with the New York Department of State’s Division of Corporations.** This search can be conducted on-line at: [http://www.dos.state.ny.us/corps/bus_entity_search.html](http://www.dos.state.ny.us/corps/bus_entity_search.html).

- Federal OSHA records. These records are found on-line at: [http://www.osha.gov/pls/imis/establishment.html](http://www.osha.gov/pls/imis/establishment.html). Search under New York State only.

- **New York State Department of Labor (NYSDOL) records.** Requests for evaluation of this information should be made to OJTduediligence@labor.ny.gov using the OJT Due Diligence Request Form. The Subject Area should read “Local Area OJT Due Diligence Request – [Business Name]. The appropriate Regional Business Services Representative (Catherine Leonard) should be listed in the cc line of the requesting email. Upon receipt of the request, NYSDOL will send a confirmation email to the requesting local area. It is strongly recommended that the request be made as early in the process as possible in order to allow for a timely response. NYSDOL will provide a response to due diligence requests via email within three business days from the time confirmation of receipt is provided. Due to the confidential nature of the information in question, NYSDOL will not provide any specifics for the categories of information. Instead, NYSDOL, will provide a response of “Found to be Responsible,” “Issues pending,” Or “Not Found to be Responsible” via email for each entity. The records to be checked will include:
  - Unemployment Insurance records.
  - WARN notices.
  - Open investigations with NYSDOL’s Public Works, Labor Standards and/or Safety and Health Divisions.
  - Workers’ Compensation Insurance and Disability Insurance coverage.

This review provides a snapshot of the organization at the point in time the review takes place. The information reviewed is updated on a quarterly basis. For this reason, the review is considered valid for a three-month period beginning on the date the review is completed. After, this three-month period, the organization must undergo a new due diligence review if it wishes to enter into a new contract.

Copies of all documents must be retained in a separate contract folder. The folder will need to contain all vetting documents including:
- Completed OJT Application
- Signed, Completed Responsibility Questionnaire
- Completed OJT Due Diligence Request Form
- Printed Email from the state with Responsible Determination
- Printed Search of New York Department of State’s Division of Corporations Website
- Printed Search of Federal OSHA Records website

In addition, an on-site review must be conducted with the business. The review will allow staff to see where the OJT participants will be working, meet the trainee’s supervisor, and gain a better understanding of the business’ facility and operations. The purpose of the site visit is to determine whether the business will afford a viable on-the-job training opportunity.

### IV. POLICIES AND RESPONSIBILITIES – CONTRACTS

1. **Job Development**

Contact public and private employers who may be interested in providing training or retraining that will lead to unsubsidized employment for the participant.

In selecting employers, staff must determine that the employer:

- Will be able to comply with the terms and conditions of the OJT contract and Standard Assurances.

*NEG-OJT funding is the exception see NEG-OJT section of policy*
B. Is not in violation of any local, state or federal labor laws.

C. Does not have an abnormal labor condition such as a strike, lockout or similar conditions or is not suffering layoffs in occupations where the OJT training would be provided.

D. Will have or expect to have sufficient work to provide long-term, permanent employment for the participant.

E. Does not have a history of high labor turnover for the training occupation and can provide reasonable assurance of continuing employment for the selected participant(s).

F. Will not be providing training in occupations where there is a surplus of available and qualified workers; or where the employer has terminated the employment of any regular employee or otherwise reduced its workforce with the intention of filling such vacancy with an OJT participant.

G. Will not utilize the OJT Program to assist in any relocation of a business, or parts thereof, from one area to another within the United States unless such relocation does not result in an increase in unemployment in the area of original location or any other area where the employer conducts business operations. (THIS IS EFFECTIVE FOR 120 DAYS AFTER THE RELOCATION OCCURS.)

H. Provides a job description for the position that has minimum qualifications. Jobs without minimum qualifications do not qualify for OJT.

I. Will pay a wage, excluding tips, commissions, etc., at the end of the training that will result in an annual salary needed for the individual to raise above Tomkins County poverty level.

Additionally the staff must consider the past performance of the employer including but not limited to:

A. Retention of previous participants who have successfully completed OJT as well as the reasons for unsuccessful contracts. To re-contract with previous employers, the employer must have had a retention rate of at least 80% of previous OJT participants, unless there are mitigating circumstances that are documented in the contract file.

B. Review of the conformance to the terms and conditions of prior contracts including training in the occupation that the contracts were written for, adequate supervision, record keeping, vouchers, etc.

2. Preparation of Contracts

The Tompkins County Workforce Investment Board has developed contract forms that shall be completed and signed prior to the participant beginning work and after being enrolled in the program.

The contract consists of:

A. Contract Information Sheet (Applicant Name, Address, Telephone number and FEIN)
B. Contract
C. Training Outline (Trainee Name, Job Title, and Wage, Training Plan Specifications)
D. Employer Data Sheet (Supervisor Name and Title)
E. Program Evaluation Checklist (Job Description)
F. Terms and Conditions
G. Debarment Certification

Both the One Stop and employer must have a signed copy of the contract consisting of A - G.

3. Contracts with Members of the Tompkins County Workforce Investment Board

As the Tompkins County Workforce Investment Board, Inc. does not approve individual OJT contracts, contracts may be

*NEG-OJT funding is the exception see NEG-OJT section of policy
written with a company/business where a member of the Board has a financial or personal interest, but this must be so noted.

4. **Training Outline**

The development of the training outline is extremely important as it describes the type and duration of the training sequence for the position. As some employers may not have developed an outline, it is important that One Stop staff provide technical assistance. As the majority of positions are "common," utilizing prior outlines may be helpful.

It is important to note that the outline must be sequential in nature and complete enough to justify the length of training and the needs of the participant. Additionally the length must directly relate to the Dictionary of Occupational Classification/ONET, and the DOT/SVP. (See "Length of Training" below.)

In completing the Training Outline, it is important to insert the number of hours of a standard work day and work week. Also the employer must identify the title of the position of the person who will provide the training and supervision for each sequential block of training. If more than one supervisor will be involved, all titles should be included. Supervision must be provided by "on-site" personnel.

Each sequence of training is computed in hours. Deviation between hours projected for each sequence is permissible as long as the total number of hours of the training is not exceeded. Complete sequential blocks of training may not be excluded unless there is prior approval of the One Stop and the contract must be modified accordingly. If as a result of a monitoring/audit activity, it is determined that one or more blocks of training has not been provided, though the contract time has been fully utilized, the amount of time allocated to the training not provided will result in a disallowed cost to the employer.

The training outline must be for skills that the participant does not currently possess. Care must be taken to review the participant's work history and documentation that the OJT training outline is for new skills that when learned are different, of greater difficulty, and/or unique to the new job and are necessary to perform the new job task. Without such documentation, a participant may not occupy an OJT position within the same occupation that the participant held previously. (See "Participant Selection" below.) A copy of the training outline must be given to the participant and is included as part of the contract.

5. **Length of Training**

The length of reimbursement for training will be primarily based upon the skill level of the occupation as indicated by similar job description in ONET and the "Dictionary of Occupational Title Classification," the participant's Employment Plan and the DOT/SVP Training Time Conversion Chart. Training duration will normally range from 160 to 640 hours but may be adjusted based upon the skill level and career goals of the job ready participants in the pool. Every effort will be made to develop contracts requiring minimum training. If the participant's Employment Plan reflects extraordinary obstacles to employment (severe mental/physical disabilities) the maximum duration of training may be authorized.

The maximum length of an On-the-Job contract cannot exceed six (6) months.

**Excluded Occupations**

Based upon information provided by the federal government (GAO Report #HRD-89-52,) the following occupations normally require training of 160 hours or less, therefore are excluded with the exception that contracts may be developed for participants who have severe educational, mental/physical disabilities which are barriers to employment and this must be documented on the employment plan. If the SVP provides for at least 160 hours, contracts for these occupations may be written:

- Agriculture/farm worker
- Assembler
- Bindery/Packaging
- Bus/Van Driver
- Forestry/fishing/hunting
- Furniture mover
- Groundskeeper
- Hostess
- Packer/wrapper
- Parking lot attendant
- Poultry worker
- Pump assembler

*NEG-OJT funding is the exception see NEG-OJT section of policy
Rev. November 2021
Board Approval:

Carpet Installer  Hotel worker  Roofer
Car/Truck cleaner  Housekeeper  Rug cutter
Cashier  Insulation worker  Sanitation worker
Courier/Messenger  Inventory/stock clerk  Service station worker
Custodian/Maintenance  Laborer  Sign painter
Day Care Worker/Babysitter  Landscape/Gardener  Sorter
Delivery Driver  Line assembler  Taxi driver
Dishwasher  Loading dock worker  Textile worker
Factory worker  Machine operator  Tire changer
Fence Erector  Mail handler  Waiter/waitress
File Clerk  Meat cutter/processor  Warehouse/material handler
Food service worker  Newspaper delivery

6. **Starting Wage**

The starting wage rate for OJT contracts must be at least living wage for Tompkins County, New York of $15.32/hr. Also the One Stop is reminded of the post program follow up performance standards. If a contract is written for laborers and mechanics involved in any construction and/or alteration (including painting or decorating projects) of buildings and which are federally assisted under the Act, the On-the-Job Training enrollees must be paid prevailing wage rates (Davis-Bacon) and this must be documented.

7. **NEG-OJT Contracts**

The reimbursement rate for NEG-OJT contracts will utilize the allowable waiver based on business size and is broken down as follows:

- Small businesses of 1-50 employees will be eligible for 90% reimbursement.
- Medium businesses of 51-250 employees will be eligible for up to 75% reimbursement.
- Large businesses of 251 and more employees will be eligible for up to 50% reimbursement (WIOA standard).

8. **Differing Wage Rates/Contracts**

Employer reimbursement will be at a rate of *50% of the wages paid during the duration of the training. Employer contracts with different wage rates for the same job titles with different skill levels is permissible if the following conditions are met:

A. The employer must commit to hire the participant at the living wage of $15.32/hr.
B. The employer must have an objective assessment tool to measure the skill level of the participant. One Stop staff should assist if necessary.
C. The length of training for each skill level above the entry level must be proportionately lower than the entry level.
D. The One Stop must have a copy of the employer's assessment tool prior to or at the time of a notification of a job opening.

In the event it is determined that the employer has hired a participant into a high level position without having documentation of the assessment, the One Stop Operator shall be responsible for the difference in costs reimbursed to the employer. These costs are non WIOA reimbursable.

E. The length of training for the higher paid training is proportionately reduced.

9. **Wage Progression**

*NEG-OJT funding is the exception see NEG-OJT section of policy*
OJT contracts may not be negotiated with a payment that exceeds *50% of the wages paid. The employer may give the participant raises during the contract, but these must be built into the original contract.

10. **Exclusion for Reimbursement**

Reimbursement is limited to actual training time. Excluded costs are: paid release time for attendance at business functions, employee assistance programs, company picnics, payment for holidays, vacations, sick time, jury duty, fringe benefits, incentive or piece rate, tips, commissions, general orientations and employer specific training provided to all new hires.

11. **Inclusion for Reimbursement**

Reimbursement for wages of participants is allowable for attendance in job related education courses if other similarly employed employees are paid wages for this time and if the education time is included as part of the Training Outline.

12. **Standard Work Week/Overtime**

A standard workweek is the standard number of hours worked by the employees in the occupation that the participant is being trained for. Overtime may be computed on a daily, weekly or biweekly basis (as long compliant with DOL wage and hour rules) and is considered those hours in excess of the normal workday or week. Employers shall be reimbursed for any overtime hours at the regular hourly rate and all overtime hours are counted against the length of training.

13. **Intermittent/Seasonal/Commission/Part-Time Contracts**

Training contracts shall not be approved if they are: occupations dependent upon a commission as a primary source of income, intermittent seasonal occupations, occupations requiring a license or specific examinations unless a reasonable prospect is judged to exist that the licensing/examination requirement can be satisfied, or occupations which have not traditionally required specific occupational training as a prerequisite. OJT contracts shall not be written with governmental agencies for training where the resultant occupation requires the successful completion of a competitive Civil Service examination. Contracts cannot be written for less than a full time position.

14. **Current Work Force/Contracts**

No more than ten percent (10%) of the WIOA projected OJT contracts may be subcontracted to any one employer, nor will any employer be permitted to train a number of trainees exceeding 33% of his/her regular, full time work force at the training site. The Tompkins County Workforce Investment Board upon written request may waive this provision. When the work force is less than four, one trainee will be permitted unless approved by the Tompkins County Workforce Investment Board.

15. **Salaried Position Contracts**

Contracts should normally not be written for salaried positions. If such contracts are written, it shall be the responsibility of the One Stop to convert the salary to an hourly wage and to the number of hours per week that the employee will work. Additionally, the One Stop shall require the employer to maintain time records of the employee in the same manner as is required for non-salaried employees. Reimbursement is made only for training hours, regardless of the total salary paid.

16. **Computation of Reimbursement**

The total number of training hours taken from the Training Outline, multiplied by the hourly wage, represents the total cost of the training. This amount is divided by two or multiplied by *50%. This figure represents the total reimbursable amount to be provided to the employer. These computations are inserted on the contract.

17. **Debarment**

*NEG-OJT funding is the exception see NEG-OJT section of policy*
In addition to signing the contract, the employer must sign the Debarment form. This form should not cause any difficulties for employers as it is doubtful that most employers have been the recipient of federal grants/loans.

18. **Effective Date of Contract**

The responsibility for confirming the start date of the participant to the employer rests with the One Stop staff. If the participant starts work prior to receiving notification from the One Stop, the One Stop is liable for any costs.

19. **Upgrades**

Current employees who meet WIOA eligibility are eligible for upgrades provided they receive at least a 10% wage increase for the training and another 5% upon completion of the training. The Tompkins County Workforce Investment Board Director must approve any deviation from this.

20. **Contract Monitoring**

The One Stop must provide for at least monthly on-site monitoring of the employer during the duration of the contract. The One Stop must verify the accuracy of the invoice (if one has been submitted,) review of the hours worked, hourly wage and wages paid. Also the monitoring must include on-site verification of the training progress as compared to the Training Outline. Training Progress will be documented using the OJT Job Specific Competency Form. This verification must include discussion with the employer (supervisor) and participant. If in the event the training is not being provided in accordance with the outline, the contract must be amended accordingly or terminated.

It is essential that staff assigned to counseling, monitoring and approval of OJT claim vouchers are cognizant of terms and conditions of the OJT contract, potential abuses of the program and the administrative and fiscal systems. Common abuses include, but are not limited to:

- Payment for time when training did not occur.
- Participant not on payroll.
- Training not provided for in accordance with training outline.
- Hiring before training started.
- No supervision of the trainee.
- Refusal to hire at the end of the OJT contract.
- Non-payment of wages/fringe benefits.
- Non-completion of contracts.
- Training of individuals previously employed by the employer.

21. **Employer Reimbursement**

Reimbursement to the employer is based upon actual work/training time of the participant, not exceeding 40 hours per week (see Overtime and Exclusion above.) Each employer must have a daily time record noting actual hours worked/trained. Payment is not reimbursed for paid meal periods. Employers shall use the OJT Daily Time Record to record training hours. Both the supervisor and the participant must sign the OJT Daily Time Record. Reimbursement will not be made without these signatures. The frequency of reimbursement is based upon the OJT contact. To claim reimbursement, the One Stop staff will utilize the OJT Reimbursement Voucher form. The One Stop staff must review time records and all reimbursement forms prior to payment.

22. **Participant Evaluations (Non-Competency)**

As part of the contract, the employer agrees to evaluate the progress and job performance of the participant. The employer may utilize his/her own evaluation tool or the Work Maturity Competency Form. It is recommended that the participant be evaluated at least two times during the training period. Evaluations may occur in conjunction with counseling visits if the employer and One Stop agree. In the event the evaluation indicates that the training outline is inappropriate, the contract should be amended accordingly.

V. **PARTICIPANT SELECTION**

*NEG-OJT funding is the exception see NEG-OJT section of policy*
Assessment and the development of the Employment Plan is extremely important in selecting which participants should be candidates for OJT. Additionally as important is the fact that the documentation provided on the Employment Plan is utilized to develop the Training Outline and the length of the OJT contract. In selecting candidates for the program, the following steps must be completed:

A. The individual must be verified eligible for WIOA.

B. The individual must be tested/assessed and the results documented on the Employment Plan.
   1. Individuals must have a skills gap assessment utilizing JobZone/O-Net

      Skills Survey module. The portion of the survey most relevant is the Detailed Work Activities (also referred to as the Job Duties) which the customer uses to self-attest to his/her ability to perform the activities required of the target occupation. To meet the JobZone requirement of the OJT program, the One Stop must at a minimum, follow the steps below:

         a. Have customers fill out the Skills Survey (or fill out the survey with the customer if the situation call for it). To start the survey, click on the “List Prior Jobs” button. For OJT purposes, customers should select the target occupation on the first screen of the survey, not their past occupations as the instructions indicate.

         b. On the work Activities/Duties screen customers should check off all activities they’ve performed at a professional level.

         c. The remaining unchecked activities become the basis of the training plan, as they are required of the target occupation but the customer indicates a lack of ability to perform them. This screen should be printed and retained in the customer’s file as record that the JobZone skills assessment has taken place.

         More detailed instruction on the use of JobZone are provided at http://www.labor.ny.gov/workforcenypartners/PDFs/OJT_NEG_2_Atta.pdf

C. An Assessment and Employment Plan must be completed and must provide:
   1. History of prior training/work experience, including but not limited to vocational/occupational classes, employer sponsored seminars, classes and training received in the military, work experience must include the type of work performed, the industry in which it was based, the duration of the employment and how recently employment occurred.

   2. Documentation of the types of skills that the participant possesses as well as deficient skills.

   3. Documentation as to what occupation(s) is/are suitable for the participant, based upon the assessment and Employment Plan findings and the types of training that are appropriate.

   This information must be utilized in developing the Training Outline. Training cannot include previously learned skills unless a significant lapse of time has occurred where updating of skills/education is required.

   Only individuals with disabilities, mentally or physically handicapped persons or clients who lack basic skills or who have an unstable work history should be assigned to low-skill entry-level jobs. The rationale for such training should be expressed in the participant’s Employment Plan.

   After a participant is placed, the One Stop is responsible for counseling and follow up. As part of the counseling, staff must review the training and compare it to the Training Outline.

*NEG-OJT funding is the exception see NEG-OJT section of policy
VI. **CONTRACT MODIFICATION**

When training cannot be completed in the timeframe specified on the contract, due to training time missed by the participant, a modified contract must be completed with the One Stop in order to extend the date of the contract.

The employer must contact the One Stop office if it is realized the Training Outline will not be completed during the specific timeframe on the contract. If all the activities on the contract cannot be taught or hours assigned to each activity will not be completed, the Training Outline must be modified to reflect the training provided to the participant. Modification of the Training Outline must be completed during the contract period and cannot be modified after the contract end date. Activities not taught will not be reimbursed.

VII. **QUESTIONS AND ANSWERS**

It is understood that questions relative to the On-The-Job Training Program will be raised by the One Stop staff who are not addressed in these policies. Contact WIB Staff for clarification.

VIII. **EFFECTIVE DATE**

Revisions to this policy become effective on the date of Tompkins County Workforce Development Board approval.

*NEG-OJT funding is the exception see NEG-OJT section of policy*
§ 680.930  Needs-related payments provide financial assistance to participants for the purpose of enabling them to participate in training and are a supportive service authorized by WIOA sec. 134(d)(3).

Unlike other supportive services, in order to qualify for needs-related payments a participant must be enrolled in training. Contingent on available funding a stipend of $125.00* per week (or actual UI rate, whichever is LESS) will be available to all participants on a bi-weekly basis while in school full time for a maximum of 52 weeks not to exceed $7,000 if they meet the following:

**Adults**
- Unemployed, or low-income (eligible for or receiving Public Assistance)
- do not qualify for, or have ceased to qualify for UI; and
- are enrolled in a program of training services
- family income (based on family-size) does not exceed 250% of the poverty level.

**Dislocated Workers**
- unemployed; or low-income (eligible for or receiving Public Assistance) and
- have ceased to qualify or did not qualify for UI or TAA; and
- were enrolled in a program of training services by the end of the 13th week after the most recent layoff that resulted in Dislocated Worker Status; and
- family income (based on family-size) does not exceed 250% of the poverty level.

**Clarification to Policy**

1. **Semester breaks of 14 days or less**
   
   Customers eligible for needs-related payments shall be paid for school breaks[^1] lasting 14 weekdays or less with no obligation on their part.

[^1]: School breaks are defined as Spring Break, Winter/Christmas Break, etc. and the period of time between Fall and Spring; Spring and Summer; and Summer and Fall semesters. Under no circumstances will customers be allowed to collect needs-related payments over the summer if they are not attending classes.
2. 2. Semester breaks of 15 days or more

Customers eligible for needs-related payments shall be paid for school breaks lasting 15 weekdays or more if they are in compliance with bi-weekly employment-related activities designed and monitored by Workforce Development Specialists.
Transitional Jobs Policy

I. Overview of Transitional Jobs

Transitional Jobs is one strategy for individuals to receive workforce preparation funded through the Workforce Innovation and Opportunity Act (WIOA). § 680.195 LWDA may use up to 10% of combined total of adult and dislocated worker allocations for transitional jobs and must be combined with comprehensive career services and support services.

A Transitional Job is one that provides a limited work experience that is subsidized in the public, private, or non-profit sectors for those individuals who are chronically unemployed and/or have an inconsistent work history.

Transitional Jobs are designed to enable an individual to establish a work history, demonstrate work success, and develop the skills that lead to unsubsidized employment.

Transitional Jobs is a practical workforce strategy that uses time-limited, wage-paying jobs that combine real work, skill development, and supportive services, to transition participants to the labor market and to reinforce skills learned in a classroom setting.

II. Identification of Potential Businesses

Businesses eligible as Transitional Job Sites must meet the following criteria:

1. The business must provide information, including their Federal Employer Identification Number, to demonstrate they are a legitimate employer with full-time employees and are conducting their business at an appropriate worksite.

2. The business must comply and agree to follow all local, state and/or federal labor laws to participate in the program.

3. The business must provide a working environment, which conforms to federal and state health and safety standards.

4. They may not have relocated, either in whole or in part, if such relocation resulted in the loss of employment for any employee of the company at the original location, until the company has operated at the location for 120 days.

5. An on-site review will be conducted with the business that will function as the worksite. This review will allow staff to see where the participant will be working, meet the trainee’s supervisor, and gain a better understanding of the business’ facility and operations. The site visit may also determine whether the employment opportunity will afford a viable on-the-job training opportunity.

6. Presently employed workers cannot be fully or partially displaced by a Transitional Job participant, including a partial displacement such as a reduction in hours, wages, or employment
benefits.

7. Previous employees and immediate family members of the business may not be placed in a Transitional Job at that site.

III. Identification of Training Candidates

Transitional Jobs participants must meet the current eligibility criteria as defined by the Workforce Innovation and Opportunity Act under its current definitions. The individual must receive an Employment Plan. The potential trainee should also express an interest in the area of work and the ability and willingness to learn and/or perform the skills outlined in the job description. They must be “chronically unemployed” or have an “inconsistent work history. An individual is considered to be “chronically unemployed” or to “have inconsistent work history” if the individual has sporadic, problematic and inconsistent work histories within the last two or more years prior to engaging in the program, based on factors such as the date of last employment, types of skill and wage levels for past jobs, the number of jobs the individual has held within the past two years, the types of prior employment history (contract, temporary, permanent, etc.).

IV. Occupational Requirements

The following guidelines will determine whether a position may be considered a suitable employment opportunity for Transitional Jobs:

1. A detailed job description must be provided by the business outlining the required skills and education for the position. If necessary, Tompkins Workforce New York staff will assist with the development of the job description using resources such as O*Net (www.onetonline.org).

2. Transitional Jobs funding cannot be used to fund commission-based positions.

3. The position must not include political or religious activity.

V. Composition of the Transitional Jobs Agreement

The Transitional Jobs agreements will include, among other information, the following components:

1. Business Name, Address, Telephone number and FEIN

2. Contact name and title

3. Supervisor name and title (if different)

4. Job description

5. Start and end dates, hours, and pay

6. Responsibilities of all parties
VI. **Duration and Wages**

Participants will be paid minimum wage living wage for Tompkins County, New York currently at $15.32/hr and will be employees of Tompkins County for the duration of the agreement.

The maximum length of Transitional Jobs agreement will be 8 24 weeks or 200 up to 480 hours (whichever is shorter) and the minimum of 20 hours and the maximum hours per week is 35 to 40.

A business may hire the participant upon completion of the transitional job assignment, or before. An On-the-Job Training may be considered for participants offered on-going employment and lacking the necessary skills to perform the job.

VII. **Monitoring**

1. Monitoring visits will be made to the work site to assess the participant’s progress and insure that the terms and conditions of the agreement are being met. The participant’s progress will then be noted in the Comments section of OSOS.

2. Phone and email monitoring may also be conducted throughout the agreement period. This monitoring will preferably occur with both the business representative and the participant. Progress will then be noted in the Comments section of OSOS.

3. A formal Progress Report that evaluates both the Job Specific and Work Maturity skill is required upon completion of the Transitional Job experience if the participant is not hired for on-going employment. It is preferable this report be reviewed by supervisor with participant prior to the experience ending.

VIII. **Exceptions**

1. Transitional Jobs are being offered when funds are available and will be suspended once funds are exhausted. This policy may be changed at any time with little or no notice.
