- **February 26th – March 1st, 2024:** Basic Investigative Photography Course. *STLEA*. 1 attendee

ACTIVITIES

- **February 9th, 2024:** In our continuing commitment to transparency, we are happy to announce that we have completed another dashboard in the Tompkins County Sheriff's Office Transparency Hub. In addition to the C.A.R.E. Team dashboard that was released on 01/26/24, we have now finished our Defensive Action (Use of Force) dashboard.

This dashboard provides data in relation to contacts with the community that result in either a "show of force" or an actual "use of force". Although force is utilized by TCSO members in very low numbers compared to the number of community interactions and arrests we are involved in, we feel it is important to share with our community how force is utilized and in what manner.

In 2023, deputies had 17,796 total interactions with the public, during which the show of force/use of force was only utilized during (point) .37% of them. Actual force was only utilized during (point) .23% of the interactions. This equates to only 41 use of force incidences of varying degrees in 2023, most of which occurred while attempting to make an arrest. This is attributed to the quality of the work our deputies perform, a high-level of de-escalation training and skills, and the positive relationship & reputation our members have with the public they serve.

Sheriff Osborne stated, "I am proud of the caring attitude our members exhibit during even the most trying of involvements, most of which result in successful de-escalation and a peaceful resolution. When a defensive action becomes necessary based on a perpetrator's actions, I am confident that it is performed fairly and with the minimum amount of force required."

The dashboard provides information related to the demographics of those involved, the municipality, type of incident, and level of force used among other metrics. For easy reference, our policy's related to use of force are included alongside the dashboard.

2024 data related to Defensive Action Reports will be published in this dashboard soon and will be updated monthly from that point forward. Our Office will continue to release additional hubs throughout 2024 as they are completed.

The Sheriff's Office would like to again thank the Tompkins County Information Technology Services Department for their continued partnership in making this project possible.

ACTIVITIES CONTINUED

- **February 6th – 8th, 2024:** The Sheriff's Office hosted the Department of Homeland Security and Emergency Services Domestic Terrorism Prevention Unit. The DPTU unit provided two courses from the DHS National Threat Reporting and Evaluation Office to relevant stakeholder in the Tompkins County. The courses consisted of the 3-Day Threat Evaluation and Reporting Course and the 1-Day Basic Threat Evaluation and Reporting Course. Over 30 individuals attended from a variety of professions. Members of the C.A.R.E. team attended from the Sheriff's Office.

- **February 10th – 11th, 2024:** In a combined effort to bring awareness to the dangers of impaired driving, prevent injuries and save lives the Sheriff's Office and other local law enforcement agencies across participated in special engagement efforts during SuperBowl weekend.

- **February 11th, 2024:** Sheriff Osborne and Undersheriff Olin attended the Annual Installation and Awards Banquet for the Neptune Hose Co #1 Dryden Inc. Dryden Ambulance Inc.

ACTIVITIES CONTINUED

- **February 13th, 2024:** The Sheriff's Office had the opportunity to get a visit from the Newfield Cub Scout Pack 34 Public. Sergeant Federation and Deputy Terwilliger gave them a tour of the Public Safety Building and explained some of the activities a Deputy Sheriff does on a daily basis. They also were able to explore our patrol vehicle.
