NOTIFICATION CONCERNING WORKERS' COMPENSATION PHARMACY BENEFITS

Please read this notice carefully. It provides you with important information on getting medication under a workers' compensation claim.

Our third party administrator: Triad Group, LLC, has an agreement with AWPRX to make available the medications workers may receive for their work-related injury. This does not change your right to get the medication necessary to treat an injury. It only means that you must obtain that medication from a participating AWPRX pharmacy. A Complete listing of the participating pharmacies may be obtained direct from Triad Group, LLC (1-800-337-7419).

When obtaining prescriptions in relation to work related injuries or conditions please provide your pharmacy with:

- Workers' Compensation Group # TRD999
- BIN Number: 610237
- PCN: AWPRX

If you are obtaining your medication through a workers' compensation claim, you need to obtain that medication from one of these pharmacies unless you have a medical emergency and it is not reasonably possible to purchase the medications you need for that emergency. Also, ordering by mail or telephone, is not an option.

All pharmacies are required to keep a sufficient stock of medication on hand so that they can service you without undue delay.

These pharmacies will directly bill Triad Group, LLC so you will not have to pay out of pocket.

You may obtain additional information about RX Processing by calling AWPRX @ 1-888-700-0185.

If you or your pharmacy have any questions, please call Triad Group, LLC at 1-800-337-7419.
